Inspiring Career Choices Webinar

Coulsdon College alumni and BBC radio producer Rajen Jotangia, top chartered accountant Yusuf Ahmet and Mohammed Sheikh, e-commerce finance manager, took part in our 'Inspiring Career Choices' event on 12 January.

The trio, who have been friends since their Coulsdon College days over 10 years ago, offered advice and support to inspire students to succeed in their careers and personal development.

"You are the average of your five friends. If you're hanging out with Elon Musk and Jeff Bezos, you're going to do great things."

If you missed the chance to hear from Yusuf, Rajen and Mohammed about the impact of studying at Coulsdon College, don't worry! You can catch-up by watching the webinar below.
