

**CROYDON COLLEGE CORPORATION**  
**GOVERNING BODY MEMBERSHIP STATEMENT**  
**AMENDED JUNE 2024**

There is an annual skills audit of the Governing Body which includes all Governors with a four year term of office. This is reviewed prior to the recruitment of all External Governors so that any gaps can be addressed. There are 12 External Governors in total who are appointed for four years and can be reappointed to serve a second term of four years.

Staff Governors are appointed by election. Student Governors are appointed but only for a period of one year.

**In addition to ensuring the Governing Body has the necessary skill set, the Governing Body aims to promote diversity within its membership as follows:**

1. We aim to promote gender balance by encouraging applications from all genders and ensuring fair consideration for all candidates;
2. We encourage candidates from a variety of age groups, reflecting the diverse perspectives within our community;
3. We value ethnic diversity and encourage applications from candidates representing the diversity of our student body and local community;
4. We welcome applications from candidates with disabilities and are committed to providing equal opportunities, reflecting the diversity of our community;
5. We welcome candidates who can reflect the needs of employers in the South London area.
