

# BOARD GAMES CLUB

## What is this about?

Enhance critical thinking and social skills through our diverse board game programme featuring chess, Connect 4, checkers, Ludo, Scrabble, and Taboo. These strategic games develop problem-solving abilities, logical reasoning, and resilience while providing enjoyable social interaction. Students learn to analyse situations, plan ahead, and adapt strategies based on changing circumstances – skills that transfer directly to academic and life situations. The programme creates opportunities for cross-year friendships and mentoring relationships while building patience, good sportsmanship, and healthy competitive spirit in a relaxed, inclusive environment.

## Location?

Croydon Campus, Lower Ground Floor,  
Common Room

## Day(s) and Timings?

Every Friday at 3pm to 5pm
