

# Activism Academy

## What is this about?

AA is a 6-month leadership programme that is completely free to participate in. We offer this programme to young people aged 13-17. Across the 6 months, the students will participate in online and in-person sessions roughly every 2 weeks, covering a range of topics such as art, politics, social media, public speaking and event planning and how to use these skills as a tool for social changemaking. They will also attend a trip to Cambridge, where they will meet a panel of Cambridge University students. Students will also be matched with a mentor to support them in creating a project idea that combats racial injustice in their community. The programme culminates in an in-person pitch & awards event where students pitch their idea to a panel of Judges in competition for a grant of £1000 to grow and continue their project.
